

**Training of students / post-doctoral researchers from Assam
Agricultural University
under AdaptNET programme of Erasmus+
“Strengthening education, research and innovation for climate smart
crops in India”
DBT-NECAB,
Assam Agricultural University, Jorhat
(India Coordinating Organization)**

Nature of mobility: Three months training in various aspects of climate resilient agriculture in four different Institutions in Europe (Agricultural University of Athens, Greece; Academy of Athens, Greece; University of Milano, Italy; Polytechnic University of Marche, Italy) starting from March 2022 (to be completed at least two months prior the end of the project) will be held under the Capacity building programme AdaptNET “Strengthening education, research and innovation for climate smart crops in India”. The trained students upon return to their parent Institutions will propagate their gained knowledge and skills among peers. The AdaptNET programme will provide EUR 820 for travel expenses (allez-retour ticket) and EUR 3810 for cost of stay (for 90 days stay). An insurance coverage of 132 Euro per student from the Travel and Stay costs will be deducted by AdaptNET.

Application: The applicants shall submit their signed CV, endorsed by the competent authority, to the Indian Coordinator (Prof. Bidyut Sarmah, Director, DBT-AAU Centre, Assam Agricultural University, Jorhat-13, **email:** bidyutsarmah@aau.ac.in) on or before **January 30, 2022**. The application must be accompanied by two recommendation letters (one essentially from the Supervisor).

Eligibility: Postdoctoral candidates employed in regular research projects at Assam Agricultural University or PhD students registered/working at Assam Agricultural University may apply. In all, 30% reservation will be made for woman scholars as per the guidelines from EU.

Selection: Selection will be based on academic credentials and performance in the interview. The date of the interview will be communicated in due course.

Total 2-4 candidates will be selected depending on the approval of the AdaptNET Partners

With the support of the
Erasmus+ Programme
of the European Union
